MR #4. Mutual Respect Within Department Teams

Paul L. Pluta

By

Oct 28, 2021 9:25 am EDT

Peer Reviewed Management Roundtable provides quality and validation managers a mechanism to share information about how they manage their function responsibilities. This forum will address non-technical function management including contemporary personnel topics. Management topics are rarely addressed at technical professional meetings; discussion of these topics is always needed including management considerations in the virtual workplace. Topics previously addressed in this series include the following: Invitation to Participate. Journal of GXP Compliance (JGXP) Vol 25, #2, March...
