

Knowledge As The Currency Of Managing Risk: A Novel Framework To Unite Quality Risk Management And Knowledge Management

By **Martin J. Lipa, Kevin O'Donnell, and Anne Greene** Nov 24, 2020 8:00 am EST

The following is based on research by Martin Lipa, Ph.D. candidate at Technological University Dublin. Lipa is a member of TU Dublin's Pharmaceutical Regulatory Science Team and is leading research focused on the importance and effectiveness of Knowledge Management across the pharmaceutical product lifecycle. This particular study represents novel thinking around the concepts of Knowledge Management (KM) and Quality Risk Management (QRM) practices, both as they relate to each other, as well as the regulatory governance on which life science organizations rely. Further, this paper...
