Regulatory 101: Preservative Efficacy Test

Karen R. Zimm

By

Jan 26, 2021 8:00 am EST

Testing may be required for antimicrobial preservatives to protect non-sterile dosage forms from microorganism growth.

Environmental Excursions and Drug Product Stability. JGXP V23, #5, Sept 2019 Drug Names – Categories, Approval Processes, and Problems in Use. JGXP V23, #6, Nov 2019. Field Alert Reports, JGXP V 24, #2, March 2020. Drug Name Modifiers – Definition, Categories, Generics, and CAPA. JGXP, V24, #3, May, 2020. New Drug Submissions in Major Markets. V24, #4. July, 2020. The Basics of Post Approval/Variation Submissions in the United States and European Union. JGXP V24, #6, Nov, 2020. Regulatory 101 will be successful if our readers participate...
