## The Benefits of Contributing to Industry Publications

**Paul L. Pluta**

By

Mar 23, 2020 7:00 am EDT

Why is it important to contribute to industry publications? If you are curious about what is in it for you - this episode will offer some insight. We welcome Paul Pluta, Editor-In-Chief of the Journals of Validation Technologies and GXP Compliance to talk about the need for more contributors to industry publications, not only for industry growth but personal growth as well.

- Why role did IVT originally serve?
- How to network between industry personnel and consultants?
- The differences between JVT and GXP
- What are some of the most impactful topics covered in JVT and GXP?
- How does IVT stay relevant in an ever changing landscape?
- Why does contributing to IVT help personal growth?
