Audit Forum provides readers an opportunity to discuss information, experiences, and practices within the broad topic scope of audits. Discussions topics may include external and internal audits, best practices, problem situations, and other areas of concern. Traditional audit activities as well as virtual audit topics may be discussed. Journal submissions for publication in the Journal of Validation Technology and Journal of GXP Compliance are most welcome. Blog discussions posted on the IVT Network are more informal and are also very welcome. IVT "Voices in Validation"...
