

CQV #9: What, How, and Why of Handwashing

Paul L. Pluta

By

Apr 24, 2020 12:36 pm EDT

Purple tint on hands indicates presence of fluorescent residue not removed by handwashing process.

Readers are invited to contribute content, suggestions, comments, and ideas to improve this feature. All published content will be anonymous – there will be no connection to companies or organizations. CQV will be most useful when the quality and validation communities submit experiences that will help colleagues improve actual work situations. Please contact coordinators Paul Pluta at paul.pluta@comcast.net or Stacey Bruzzese at stacey.bruzzese@informa.com with content, comments, suggestions, or topics for discussion. INTRODUCTION Handwashing, or hand hygiene, has become...
